Eclipse® INTERNATIONAL

AMERICA'S BEST MATTRESS SINCE 1905

COMPANY LEGACY

- Established in the 1890s by Sam and Max Weisglass, Eclipse® was founded on the principles of quality, craftsmanship and tradition
- What started as the Weisglass Spring Company in a small town outside of Ukraine, quickly expanded into the U.S. Cabinet and Bedding Company, & is now New York- based Eclipse® Sleep Products, one of the largest bedding companies in the world. Today, we spread across 62 countries, spanning 6 continents. Eclipse® is forever evolving, but we continue to honorthe principles on which we were founded. We consistently strive to combine the traditional craft of mattress design with new and innovative technologies to further enhance our consumers' sleep experience.

LEADERSHIP

Eclipse® was founded over 115 years ago on the principles of quality, tradition, & fine craftsmanship. Those qualities can still be found in the products we manufacture today. In addition to making products with the finest quality materials, we have added the latest in patented technologies to our sleep system. These technologies not only improve the quality of our mattresses, but ultimately improve the quality of sleep. At Eclipse®, we have always known that sleep and health work hand-in-hand, and so, we are dedicated to providing you and your family with the finest sleep system available

STUART CARLITZ, CHIEF EXECUTIVE OFFICER

Stuart Carlitz has over thirty five years of extensive marketing and manufacturing experience in the bedding industry. As the current President and CEO of Bedding Industries of America (a manufacturer of Eclipse sleep products), Carlitz has been instrumental to the Eclipse brand, introducing new patents and technologies to our clients across the globe and continuously expanding our reach.

GERALD GERSHAW, CHAIRMAN

Gerald Gershaw initially entered the mattress industry in 1955. Taking over Bedding Industries of America, Gershaw developed the small New Jersey manufacturing unit into a globally-trusted name, by signing over fifty factories on six different continents. In 1999, Gershaw and Carlitz acquired Eclipse International together, elevating the brand to an international level through effective leadership, unwavering dedication,

Patented Mattress Technology

Eclipse International takes great pride in offering its customers exclusive patented and proven bedding technologies. Our team of skilled researchers work daily in a tireless pursuit to develop new and creative ways to provide our customers with the best quality sleep.

Lab Tested Mattresses

Eclipse International undertakes rigorous mattress testing through cutting-edge dual-testing machines designed for spring strength, foam testing, and rolling testing.

Spring test

Eclipse Mattress is a spring test-passed mattress that is manufactured only after three layers of quality testing making it the only mattress in India to do so.

Foam Test

We undergo a mattress fitness and hardness test to achieve the highest standards of foam bedding in our mattresses, along with testing the hardness, lagging loss rate and fit of the mattress.

Rolling Test

Our mattresses undergo the rolling machine test to determine their durability and boxspring strength. We achieve the highest quality standards by ensuring the highest standard of rolling stroke and the lowest coefficient of friction.

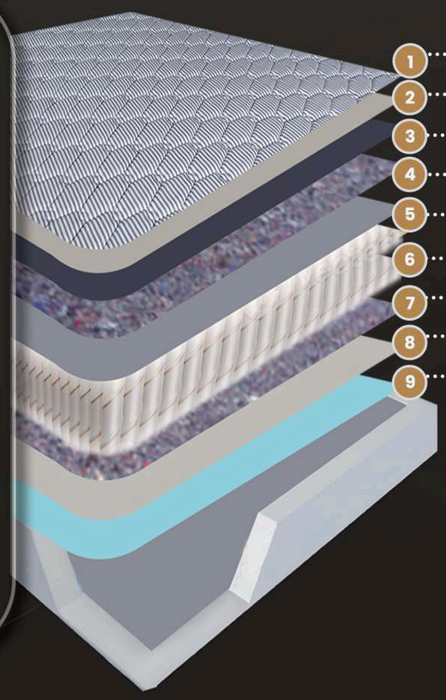
Two Side Delight

Designed for smart-stay hotels,, Two Side Delight is a flippable pocket spring mattress that offers durability and all-night comfort. Crafted with 100% pure sleep-grade HD foam, it ensures a supportive and relaxing sleep experience for every guest.

Featuring a zero partner disturbance innerspring system, this mattress provides excellent motion isolation, making it ideal for uninterrupted rest. With its dual-sided usability, Two Side Delight extends mattress longevity while maintaining superior comfort—making it the perfect choice for hotels that prioritize both quality and value.



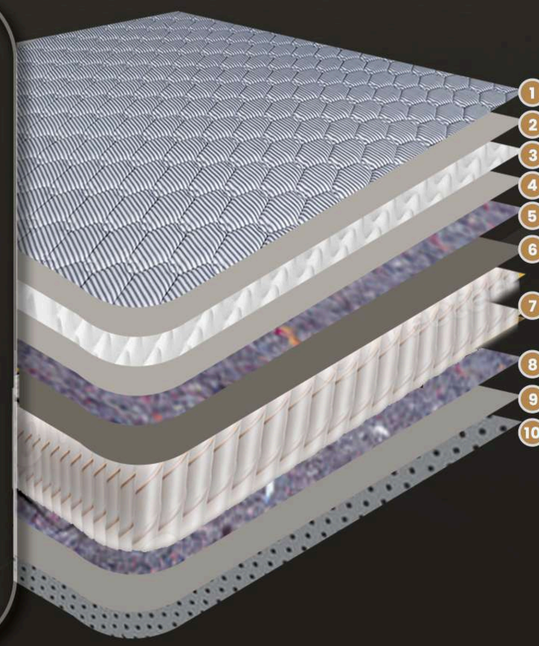
1. Fire-Retardant Jacquard Fabric
2. Quilted Top Panel with Dual Layers of Soft HD Foam
3. HD Foam Padding for Superior Support (soft side)
4. Imported Turkish Cotton Felt (soft side)
5. Reinforced Hard Foam Encasement with Butterfly Springs
6. HD Pocket Spring
7. Imported Turkish Cotton Felt (hard)
8. HD Foam Padding (hard side)
9. Quilted Top Panel with Dual Layers of Hard HD Foam

- Pocket Springs
- Fire Retardant
- Do Not Disturb Technology
- Flip Type Mattress
- Butterfly M—Springs
- 10 Years Warranty
- Air Ventilation

Euro Delight

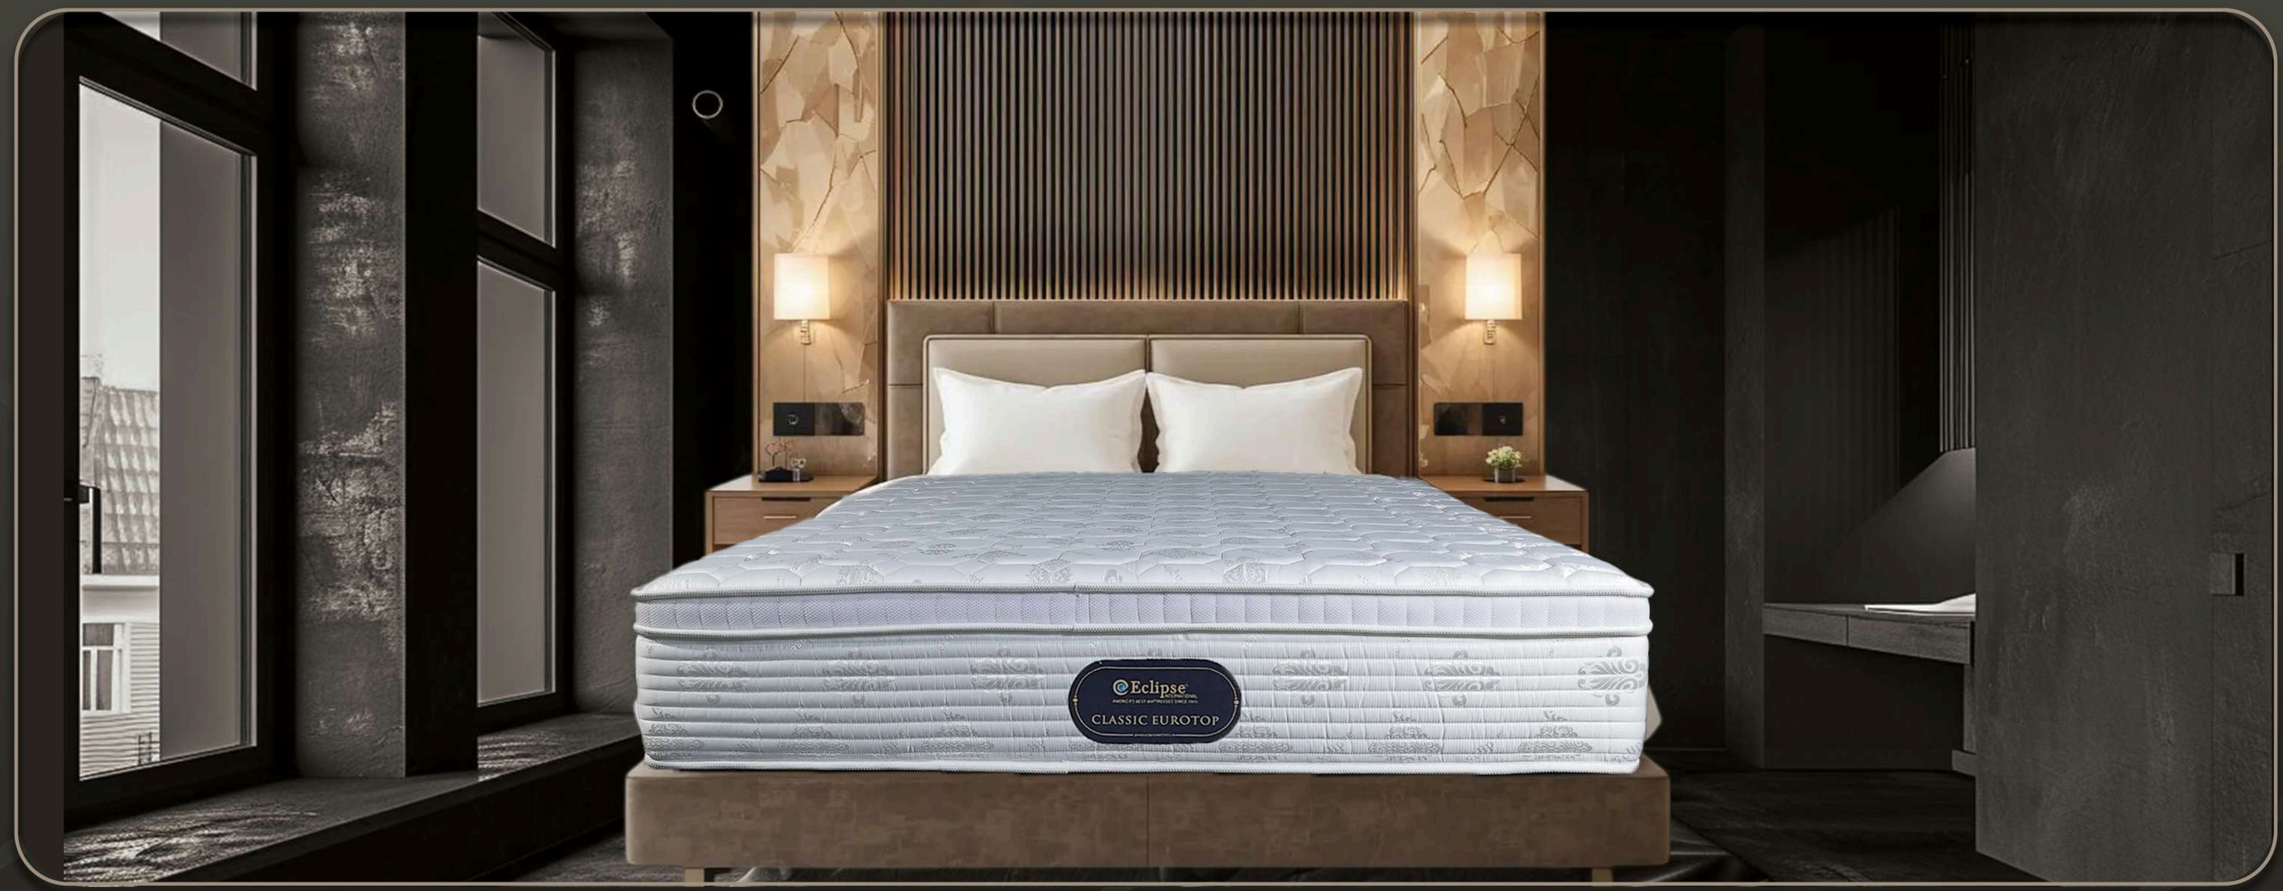
Specially crafted for smart stay hotels, the Eclipse – Euro Delight is a pocket spring mattress that delivers long-lasting durability & superior sleep comfort. Made with 100% pure sleep-grade HD foam, it ensures excellent support and relaxation for every guest.

Built with a zero partner disturbance innerspring system, the Euro Delight minimizes motion transfer for undisturbed rest. Unlike flippable mattresses, this non-reversible design features a Tight Top construction, providing consistent comfort and support over time. A perfect choice for hotels that seek quality, value, and guest satisfaction.



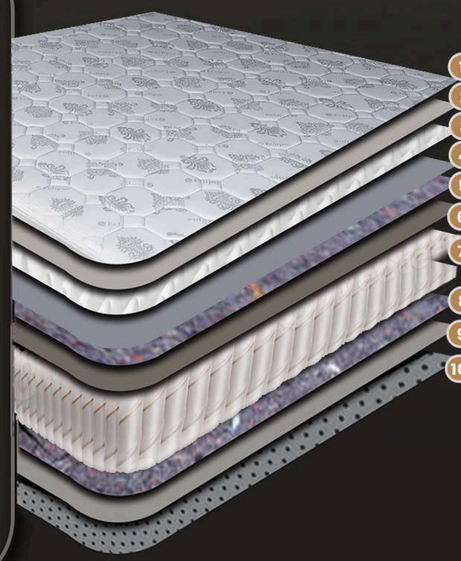
1. Fire-Retardant Jacquard Fabric
2. Tight Top Quilted Panel with Soft HD Foam
3. 2 inches of High Resilience HD Foam Padding
4. Soft HD Foam Layer
5. Durable Insulating Turkish Cotton Felt (Both Sides)
6. Reinforced Hard Foam Encasement System with Butterfly Springs
7. HD Pocketed Spring Unit for a 'Do-Not-Disturb' Sleep Experience
8. Insulating Turkish Cotton Felt
9. Soft HD Foam Layer
10. Quilted Anti-Skid Fabric

- HD Pocket Springs
- Fire Retardant
- Do Not Disturb Technology
- Non-Flip Type
- HR PU Foam
- 10 Years Warranty
- Air Ventilation



Classic EuroTop

Designed as a one-side usable innerspring mattress, it eliminates the need for frequent flipping, making maintenance effortless for hotel staff. The support layer, made of specially designed convoluted high density foam, provides optimal spinal alignment & pressure relief. The core layer, featuring a higher count of Pocket or Bonnell springs, is engineered with zero partner disturbance technology for uninterrupted sleep. For added stability, butterfly M-springs reinforce edge support, while an anti-skid quilted bottom fabric ensures the mattress stays securely in place.



1. Fire-Retardant Jacquard Fabric
2. Quilted Top Panel with Foam Layer
3. Convoluted High-density Foam Padding
4. Euro Top Quilt with soft HD foam
5. Imported Insulating Turkish Cotton Felt
6. Reinforced Hard Foam Encasement with Butterfly Springs
7. HD Pocketed Spring System for a 'Do-Not-Disturb' Sleep Experience
8. Imported Insulating Turkish Cotton Felt
9. HD Foam Layer
10. Anti-Skid Fabric with Spikes

- HD Pocket Springs
- Fire Retardant
- Do Not Disturb Technology
- Non-Flip Type
- Convoluted PU Foam
- 10 Years Warranty
- Breathable Air Mesh Fiber
